# LIVE BEAUTIFULLY

Live beautifully is the ultimate expression of self. Like snowflakes, no two lives are alike. And we strive to make products that enhance life's journey.

## CALACATTA EXTRA

Bold by design, dare to make a statement with Calacatta Extra. Dark veining stands strong against a radiant white base; their contrast, elevating the other to new levels.

SLAB VIEW

## CALACATTA VENATO

Sweeping movement is the hallmark of Calacatta Venato. Bands of earthen hues stretch across a base of layered white tones, resulting in a moment rich in depth and complexity.

## PAROS

Relaxed and sophisticated, Paros embodies the allure of its namesake. Fluid movement across a base of light hues echo this great city's iconic architecture.

**EMBRACE**

Evoking strength and balance, the cool gray tone of Embrace is elevated with soft white marbling for a bold, timeless look

# M O N T E R E Y

Taking inspiration from California's breathtaking central coast, Monterey's soft gray base is anchored by darker gray veining and contrasting white wispy marbling, offering uncommon depth and substance.

# INTRODUCING RIVER WASHED FINISH

Capturing the essence of our planet through touch, the products in this collection feature our new River Washed finish, delivering a true tactile experience.

\*THE RIVER WASHED FINISH IS AVAILABLE ON COAST, STORM & TERRA ONLY.

## HANDLES LIFE BEAUTIFULLY

Meet HanStone's state-of-the-art quartz surfaces made of natural quartz — one of nature's strongest materials. Offering beauty tough enough to stand up to everyday life. With classic hues and beautiful movements, HanStone Quartz celebrates the natural world around us, while being on trend and appealing for all interior aspirations.

### NONPOROUS

Many interior surface materials harbor unwanted microorganisms. With routine cleaning, HanStone's nonporous surfaces inherently will not harbor or promote bacteria, mold, or mildew growth.

### SCRATCH RESISTANT

Composed mostly of natural quartz that registers a 7 on Mohs hardness scale [diamonds are a 10], HanStone Quartz surfaces are exceptionally scratch resistant. However, no surface is 100% scratch-proof, so cutting or dragging heavy, sharp objects directly on the surface should be avoided.

### STAIN RESISTANT

Unlike granite and marble countertops, HanStone Quartz surfaces are nonporous, impermeable to liquids, and highly resistant to stains from common culprits like wine, coffee, vinegar, and makeup.

### ETCH RESISTANT

A sliced lime can be devastating to many natural stone surfaces. Not so for HanStone Quartz, which is designed to handle foods and common household cleaners known to etch surfaces.

### HEAT RESISTANT

Made from one of nature's most heat resistant materials, HanStone Quartz surfaces are highly resistant to high temperatures. To avoid thermal shock, do not place searing hot objects directly on the surface.

### EASY TO MAINTAIN

HanStone Quartz surfaces require no sealants, waxes, coatings, or routine polishing. Clean with a damp cloth, mild liquid detergents, or non-abrasive non-bleach cleansers. Wipe dry to avoid water streaking or surface haze.

### DURABLE

Designed to handle life's normal wear and tear, HanStone Quartz is composed of natural hard quartz crystals to produce one of the most durable surfacing materials on today's market.

### ECO-FRIENDLY

HanStone Quartz offers categories for LEED points and is GREENGUARD Indoor Air Quality and GREENGUARD Children and School certified. Our North American plant recycles 100% manufacturer wastewater, repurposes solid waste, conserves energy and uses advanced air purification systems.

HANSTONE QUARTZ MANUFACTURING FACILITY, LONDON, ONTARIO, CANADA

## MANUFACTURING FACILITY

The North American subsidiary of Hyundai Department Store Group, a South Korea based corporation, Hyundai Living & Culture seeks to create a new living interior culture that goes beyond the boundaries of construction materials and interior products to provide new value to people and spaces, fostering deeper human connections and contributing to an abundant world, in harmony with nature.

Hyundai Living & Culture is one of the world's leading manufacturers of premium building materials and an industry leader in the market of quartz and acrylic solid surfaces. Based on original, high-value technology accumulated over the last half-century, and an innovative business platform, Hyundai Living & Culture goes beyond the boundaries of construction material expertise to be a "Total Living Interior Company." Hyundai Living & Culture strives to improve the quality of life in all aspects of human society and participates actively to preserve the environment by developing the best solutions through ceaseless technological innovation. Under the belief that simple imitation achieves nothing, Hyundai L&C's strong global network, excellent human resources, and leading technologies will create the new living culture of the future.
