

Shou Sugi Ban—
Deep Char

Shou Sugi Ban—
Shallow Char interspersed with Color Char

American Prairie—
Corral Board

Our goal is to help you shine, ensuring your project goes smoothly from start to finish. By inventorying & milling our products in New York & Oregon, we can remove obstacles so you can hit tight schedules and budgets. Here's our promise in a nutshell:

- On time, your time, every time.
- We mill for precision, grade for quality, and dry for stability—assuring you a headache-free job site.
- Let us pre-finish your order and save you install time. We have standard and custom color options.
- If you have questions about delivery, acclimation, installing, or finishing—call us, we speak construction.
- We source and mill in-house giving us buying power and control; giving you competitive pricing.
- Your whole-project solution: With full in-house drafting, design, and custom woodworking should you need it.

Serving great clients across North America from OR & NY.

RECLAIMED AND SUSTAINABLY HARVESTED OPTIONS FIT FOR EXTERIOR USE

AMERICAN PRAIRIE

Naturally Weathered Wood Siding

Our take on barn wood siding, sourced from agricultural fencing and other structures that have endured the elements, this mix of softwoods and hardwoods needs no additional finishing thanks to years of sun and weather.

Product Specs:

American Prairie: 4–8" random width or single widths as specified.
Random lengths up to 12'.

Redwood: 5" & 7" widths. Random lengths up to 5'.

Corral Board Trim: 6", 8", or 10" nominal widths. Random lengths up to 16'.

SHOU SUGI BAN

Traditional Japanese Charring

Our Shou Sugi Ban product is made using sustainably harvested larch and is available in three char levels: deep char, shallow char, and color char. All Shou Sugi Ban options come in a shiplap profile with an exterior grade finish on the face and a slight back-burn to minimize cupping.

Product Specs:

5" actual width, random lengths up to 16'.

LARCH EXTERIOR SIDING

Prefinished or Unfinished

Larch is an underutilized species with rot resistance greater than Douglas fir and wears similar to cedar. Attractive, cost effective, and easy-to-install, it's an ideal option for exterior siding. Our larch is finished with two coats of exterior sealer on the front and one coat on the back. It is also available unfinished.

Product Specs:

Standard Shiplap: 5" actual width, random lengths up to 16'.

Select Shiplap: 5" or 7" actual widths, random lengths up to 16'.

Select Boards: 2", 4", 6", 8" or 10" nominal widths, lengths up to 16'.

Exterior Timbers

We stock reclaimed timbers of all sizes, species, and textures as well as FSC®-Certified Douglas fir timbers. Send us your plans for take-offs and quotes. If you need timber framing or fabrication, we can assist there too.

Exterior Doors

Our fine woodworking division hand-crafts custom exterior (and interior) doors. Have a look in mind? Give us a call and let's talk through your vision.

Need Samples?

We love to send them! To feel the texture and see the color in person—send us an email or give us a call.
