

FAMILIES	EXAMPLES OF CLEANERS
Acid Based	<ul style="list-style-type: none"> • Oxycide, Perisept, Spectrum HBV (Hospital Virucidal Disinfectant)
Alcohol Based	<ul style="list-style-type: none"> • Alcohol <ul style="list-style-type: none"> - <i>Isopropyl Alcohol</i> - <i>CaviWipes</i> - <i>CaviCide</i>
Bleach Based	<ul style="list-style-type: none"> • Dispatch Hospital Cleaner Disinfectant Towels with Bleach (Clorox Professional)
Ozone Based	<ul style="list-style-type: none"> • Ozone Infused (O3) Oxidation Method <ul style="list-style-type: none"> - <i>Ozonized water concentration varies (2-5ppm) upon application and manufacturer</i> - <i>Disrupts or kills DNA of bacteria and viruses</i> - <i>Rapid degradation of efficacy in >15 minutes</i>
Peroxide Based	<ul style="list-style-type: none"> • Virox 5, Accell TB Wipes, Hydrogen Peroxide Wipes
Phenolic Based	<ul style="list-style-type: none"> • Wexcide
Quat Based	<ul style="list-style-type: none"> • Quat + Peroxide <ul style="list-style-type: none"> - <i>Sani-Cloth Plus Germicidal Disposable Cloth</i> - <i>Super Sani-Cloth Germicidal Disposable Wipes</i> • Quat <ul style="list-style-type: none"> - <i>Virex II 256</i> - <i>3M 3L Neutral Cleaner and 23L Neutral Quat Disinfectant Cleaner</i>
UV-C Light Based	<ul style="list-style-type: none"> • UV-C Light Method <ul style="list-style-type: none"> - <i>Kills in 10 seconds at 6 inches</i> - <i>Disrupts DNA of bacteria and viruses</i> - <i>Human exposure safety concerns</i>

Architex conducts their performance fabric cleaning testing under eight seven umbrellas of disinfectant cleaner families and does not test by individual cleaner. To note, all Architex disinfectant cleaner family testing is conducted in a lab with proper ratios and proper cleaning methods (including a water rinse) which may not necessarily reflect day to day maintenance within a facility. Before selecting any fabric, please determine what disinfectant cleaner family is utilized within the facility. Architex International is not responsible for determining the disinfectant cleaner family of a given cleaner brand.

For more information, contact Architex at 800.621.0827 or architex@architex-ljh.com.
