A century of quarrying know-how...

Since 1993 Vermont Quarries Corp. has operated the famous white Vermont Danby Marble® quarry in Danby, Vermont.

With a precious heritage of producing the most prestigious white marble in North America, Vermont Quarries boasts a century of craftsmanship and quarrying know-how to be preserved and enhanced by the most up-to-date, state-of-the-art technology.

Vermont Danby Marble has been chosen for many of the most prominent and impressive buildings and monuments that have come to symbolize American Civilization.

Several types of the precious white Vermont Danby Marble are currently quarried, including Olympian White, Mountain White, Appalachian Green, Royal, Eureka Calacatta, Fantastico, Imperial, Montclair, Crystal Gray and Danby Gray.

Vermont Quarries Corp. maintains a well-stocked inventory of blocks and slabs readily available to the world market. An abundant inventory allows for better quality selection and consistency, a longstanding trademark of Vermont Danby Marble.
