PURLINE®

Bio-polyurethane based Resilient Flooring

WINEO PURLINE IS AN ENTIRELY NEW CLASS OF FLOORING PRODUCED WITH NATURAL RAW MATERIALS.

- 1 Clear Polyurethane Top Layer
- 2 Décor Paper Print Design
- 3 Glass Fiber Reinforcement Dimensional Stability Layer

- 4 Solid Bio-Polyurethane Base Layer
- 5 Fleece TEC System® Fleece backing allows for simple, trouble-free installation

wineo PURline is made with plant-based oils and naturally occurring mineral components.

The ingredients are combined to create an extremely dense bio-polyurethane that is non-porous, stain resistant and durable.

CANOLA OIL
from rapeseed

CASTOR OIL
from castor seed

CHALK

WINEO PURLINE IS FLOORING REINVENTED.

PURline is not LVT; it's a completely new type of flooring. 5x more durable than vinyl flooring products, PURline stands up to wear and tear, easily.

PURline's proprietary bio-polyurethane creates healthier environments, naturally.

PURline is the only flooring that can endure the extreme demands of healthcare, hospitality, retail and public buildings, beautifully.

With unparalleled environmental credentials.

Specifications

Material	Heterogeneous commercial floor covering consisting of bio-polyurethane (ecuran), glass fiber reinforcement, paper print layer, and clear PU top layer (This product contains no PVC)
Backing	FleeceTEC System®
Total Weight	0.74 lbs/sq ft
Sizes	Wood XS: ~ 4" x 24" Wood L: ~ 8" x 48" Wood XL: ~ 10" x 59" Stone XL: ~ 20" x 39"
Overall Thickness	2.5 mm
Sound Transmission (ASTM E2179)	Δ (Delta) IIC 7
Color & Light Stability (ASTM F1515 and F1514)	Δ (Delta) E value of <0.1 with <0.8 being required
Burning Characteristics (ASTM E648 and E662)	Meets Class 1
Static Load (ASTM F970)	Exceeds requirement at 1450 psi
Warranty	10 Years
