## A unique showroom experience

Our showroom experience provides a consultation as hands-on or hands-off as you'd like. You can simply browse flooring by color, see larger panels and take home free samples. Our goal is to make the selection process easy (and enjoyable!) Our team of experts can help navigate you through any questions or decisions. Plus, we keep a library of other interior finishes and materials on hand so you can create the design vision as you explore.

# Residential

Homes are cherished sanctuaries where well-being takes center stage. The use of natural components such as wood is proven to enhance health and indoor living conditions.

# Apartments

In the realm of apartment living, where communities come together, the choice of flooring can define shared spaces and individual residences alike. Wood flooring adds character and comfort, elevating the ambiance and enhancing the quality of life for all residents.

# Hotels

Hotels often serve as a home away from home, offering both comfort and escape. Incorporating wood elements adds warmth and luxury to these spaces, creating a welcoming environment for guests.

# Workspace

Modern workspaces are increasingly embracing wood surfaces. Stimulating high levels of productivity all while fostering a healthy room climate and a positive atmosphere all around.

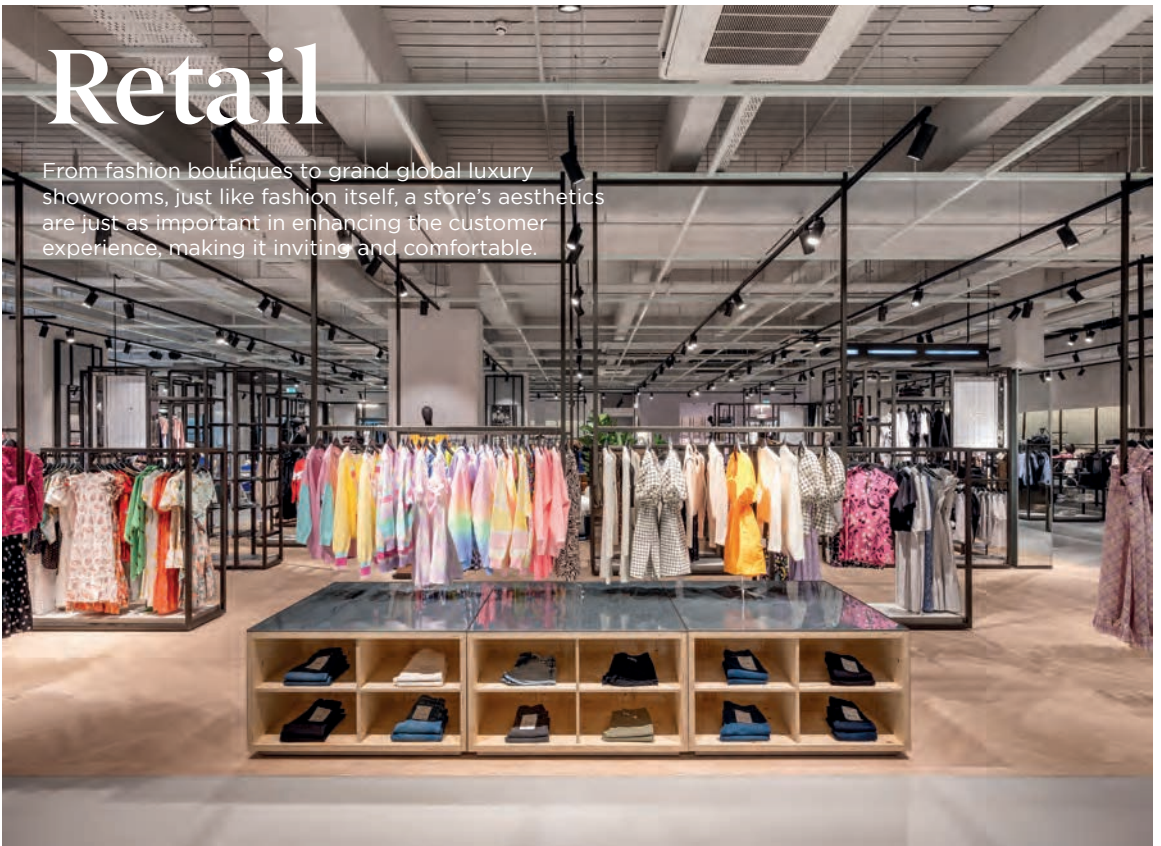

# Hospitality

Whether managing an upscale restaurant, offering a relaxed dining atmosphere, or providing an eatery with a coastal or rustic ambiance, the choice of flooring color and finish significantly impacts the overall dining experience for customers and staff.

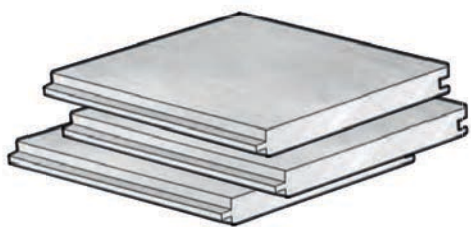

# Retail

From fashion boutiques to grand global luxury showrooms, just like fashion itself, a store's aesthetics are just as important in enhancing the customer experience, making it inviting and comfortable.

# Services to suit your needs

Havwoods offers a range of services to help you with your product choice. We encourage you to take advantage of as many of these as possible to ensure you select the perfect product.

## Free Next Day Sample Dispatch

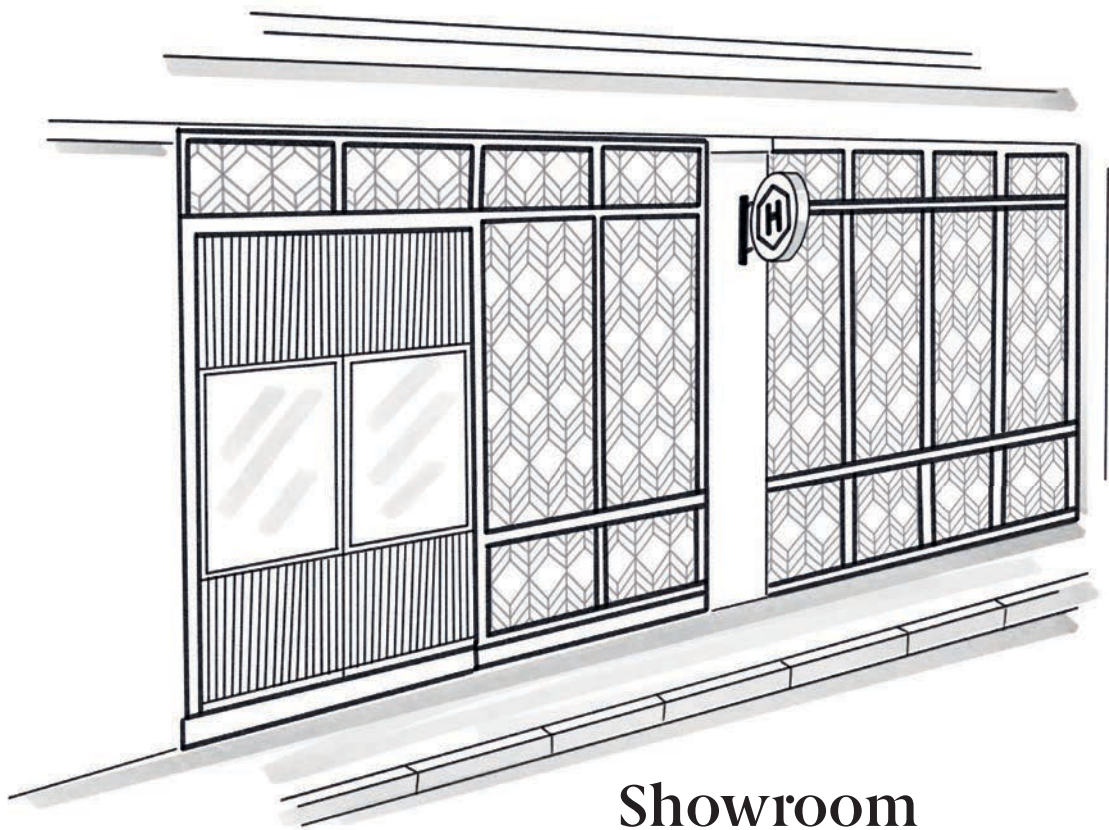

Order your samples online or contact our team and we'll dispatch your chosen samples for free (you might even receive a little treat to brighten your day).

## Inspirational Website

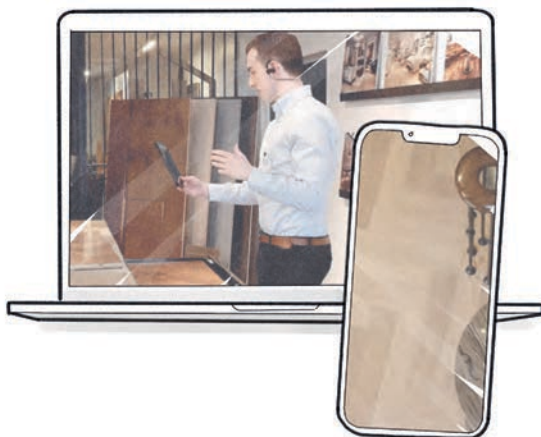

Visit our website today to see all our products, order samples online, access technical information and product inspiration.

## Showroom Experts

With a physical showroom in New York, discussing your flooring needs with one of our design consultation experts has never been more engaging.

## Virtual Appointments

If you are unable to make it to our showroom in-person then our virtual appointments are available Monday-Friday. Book online today.

# Colossal

Colossal dimensions with these prefinished 3-layer super-long and super-wide boards.

Wood that impresses.  
Wood that works.

# Handgrade Premier

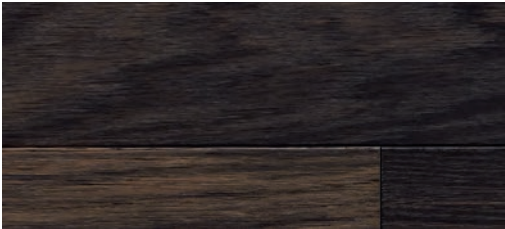

Our Handgrade range has been reimagined with large format planks in a stunning selection of new finishes.

Wood that tells a story.  
Wood that works.

# Bog Oak

Like a time traveller's treasure, Bog Oak flooring bears the weight of history in its every grain. Born from ancient trees that once thrived in peat bogs, this wood has been preserved and transformed over centuries. Its deep, ebony hues are complemented by intricate patterns, a testament to the passage of time and the resilience of nature.

## Bog Oak

HW8702

Multi Layered Engineered Bog Oak; Brushed; 1-Strip Pattern; Hardwax Oiled Finish; Tongue & Groove; 4-Sided Bevelled Edge; FSC® Certified

Thickness	20/5mm (3/4")
Width	220-320mm (8 5/8" - 12 5/8")
Length	1500-3000mm (59" - 118 1/8")
Grade	Prime

# Shrunk Face Oak

Shrunk face oak is the result of letting mother nature sculpt the surface in a natural and unique form. This longer drying process produces depth variation around the stand out features of the Oak such as around knots and shakes. As this process is not 'man-made' it allows for an organic yet subtle finish, soft to the touch but full of character.

## Shrunk Face Oak

HW8706

Multi Layered Engineered European Oak; Brushed; 1-Strip Pattern; Hardwax Oiled Finish; Tongue & Groove; 4-Sided Bevelled Edge; FSC® Certified

Thickness	20/5mm (3/4")
Width	250-350mm (9 7/8" - 13 3/4")
Length	2000-4000mm (78 3/4" - 157 1/2")
Grade	Rustic

# Forest Oak

From the forest to the floor we use the most intriguing cuts of Quercus Robur. From the Latin meaning 'Strong Oak' when a tree reaches full maturity it is harvested to benefit from the longest lengths and wide boards. We don't discriminate in this grading, there will be natural knots and checks of all sizes to bring out the natural beauty of this collection.

## Misty

HW8692

3-Layered Engineered European Oak; Sanded & Brushed; 1-Strip Pattern; Hardwax Oiled Finish; Tongue & Groove; 2-Sided Bevelled Edge; FSC® Certified	Thickness	17/4mm (5/8")
	Width	260-450mm (10 1/4" - 17 3/4")
	Length	2000-5000mm (78 3/4" - 196 7/8")
	Grade	Rustic

## Shimmer

HW8694

3-Layered Engineered European Oak; Sanded & Brushed; 1-Strip Pattern; Hardwax Oiled Finish; Tongue & Groove; 2-Sided Bevelled Edge; FSC® Certified	Thickness	17/4mm (5/8")
	Width	260-450mm (10 1/4" - 17 3/4")

	Width	260-450mm (10 1/4" - 17 3/4")
	Length	2000-5000mm (78 3/4" - 196 7/8")
	Grade	Rustic

# Hand-textured Oak

Crafted with meticulous care, Hand-textured Oak flooring is a testament to the artistry and skill of human hands. Every plank tells a story of craftsmanship, with its gentle undulations and carefully carved details. Each touch leaves a lasting impression, resulting in a floor that exudes character and warmth, inviting you to walk upon a masterpiece.

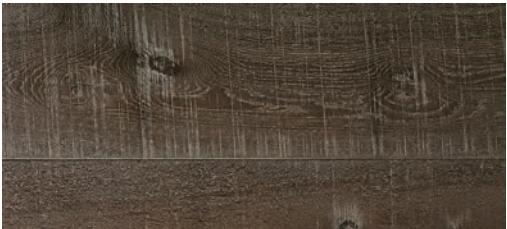

## Galway

HW88105

Multi Layered Engineered European Oak; Sculptured Surface; 1-Strip Pattern; UV Oiled Finish; Tongue & Groove; 4-Sided Rounded Edge; FSC® Certified

Width	280-480mm (11" - 18 7/8")
Length	2000-3900mm (78 3/4" - 153 1/2")
Grade	Rustic

## Neston

HW88104

Multi Layered Engineered European Oak; Sculptured Surface; 1-Strip Pattern; UV Oiled Finish; Tongue & Groove; 4-Sided Rounded Edge; FSC® Certified

Thickness	23/4-6mm (7/8")
Width	280-480mm (11" - 18 7/8")
Length	2000-3900mm (78 3/4" - 153 1/2")
Grade	Rustic

# Milled Oak

Milled Oak flooring is a celebration of nature’s precision. Each plank is crafted with utmost precision and care, resulting in a smooth, flat surface that showcases the wood’s natural beauty. The clean lines and consistent texture make it a versatile choice, capable of seamlessly integrating into a variety of interior designs, from rustic to contemporary.

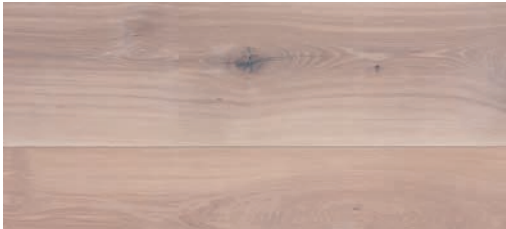

## Fallon

HW8708

Multi Layered Engineered European Oak; Brushed; 1-Strip Pattern; Hardwax Oiled Finish; Tongue & Groove; 4-Sided Bevelled Edge; FSC® Certified

Thickness	20/5mm (3/4")

Width	280-480mm (11" - 18 7/8")
Length	2000-3900mm (78 3/4" - 153 1/2")
Grade	Rustic

# Ash

Like a breath of fresh air, Ash flooring brings a lightness and natural elegance to any space. Its pale, creamy tones are imbued with a subtle grain pattern, creating a sense of tranquility and simplicity. The smooth texture of Ash adds a touch of refinement, making it a versatile option that can brighten up both traditional and modern interiors.

## Ash

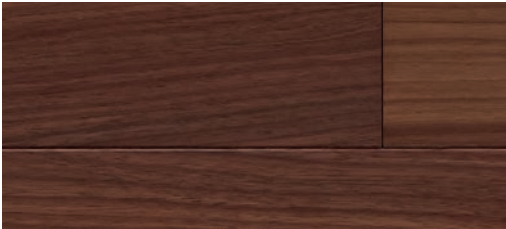

HW8700

Multi Layered Engineered  
European Ash; Brushed;  
1-Strip Pattern; Hardwax  
Oiled Finish; Tongue &  
Groove; 4-Sided Bevelled  
Edge; FSC\* Certified

Thickness	20/5mm (3/4")
Width	250-350mm (9 7/8" - 13 3/4")
Length	2000-4000mm (78 3/4" - 157 1/2")
Grade	Select

# Walnut

With its rich, chocolate-brown hues, Walnut flooring exudes a sense of opulence and sophistication. The wood's natural grain patterns create a tapestry of intricate swirls and knots, adding depth and character to each plank. As light dances upon its surface, Walnut evokes a sense of timeless luxury, making it a statement piece in any room.

## Walnut

HW8704

Multi Layered Engineered  
American Black Walnut;  
Brushed; 1-Strip Pattern;  
Hardwax Oiled Finish;  
Tongue & Groove; 4-Sided  
Bevelled Edge; FSC\* Certified

# Complex floorplan geometry and curvaceous arches meet contemporary herringbone.

## PALLIDO HERRINGBONE

HW16002

Upper West Side homeowners sought after a space they could rework and personalize to fit their personalities and lifestyle. They found the perfect fit in this pre-war apartment, which had been upgraded with modern features and contemporary charm. The work included necessary mechanical upgrades, coupled with beautiful finishing touches such as herringbone floors, lighting fixtures and stone finishes, and custom millwork throughout the home.

When asked about the selection of color flooring and pattern, architect Matthew Rauch shared his thoughtful approach.

"The apartment's only windows face a typical NYC rear courtyard that

doesn't get a lot of light, though the co-op had good bones, the inefficient layout was the primary concern of the homeowners, who wanted to get more use out of their homes' relatively small, 700-square-foot footprint we wanted to select a lighter colored wood that would maximise the reflected light in the space.

The pattern was selected because we liked the sense of movement the herringbone introduced. The complex geometry of the floor plan also meant that there were not a lot of clean right angles in the space, so the herringbone helped create a continuous flowing pattern that tied the entire space together."

Infused with the essence of a swanky speakeasy, moody lighting and plush velvet textures deliver an ideal haven for unwinding after hours.

### **BRONZO - HERRINGBONE**

HW16006

A secluded lounge is tucked behind a realm of books, known exclusively within the workspace of MAN group. The speakeasy is a special, playful, treasure that adds charm and unexpected excitement, in a classic New York way.

Amidst the escape from sterile office environments, the inclusion of wood was imperative.

The pursuit of an affordable alternative to walnut herringbone flooring led designers to our product offerings. It was love at first sight of Bronzo Herringbone.

The dark brown floor's captivating variation and movement harmoniously complemented the ornately detailed gold ceiling, culminating in a luxurious, intimate ambiance – an ideal haven for unwinding after hours.

# Venture Plank

Venture Plank can transform any interior with its range of stunning product families.

Wood that raises the bar.  
Wood that works.

## Two distinctive flooring patterns in a matching tone delivers a seamless transition between spaces.

### **FENDI - CHEVRON + PLANK**

HW3433 + HW926

This dynamic project boasts a trio of cutting-edge sound-editing suites featuring versatile voice-over recording booths. The space harmoniously integrates functionality with aesthetics, offering a bright lounge area with panoramic views of Madison Square Park.

A standout feature is the radiant and inviting lounge area, highlighted by the prominent presence of Haywoods Fendi Chevron wood flooring.

Notably, the recording studio's interior is dressed with our Fendi Character straight planks, further enhancing the visual allure and functionality of the space

Murdock Solon Architects, Suzanne Kisbye Interior Design, and Dennis Darcy Construction Group successfully created a multifunctional environment that merges contemporary design with exceptional functionality.

# Henley

Combining texture and tone creates an authentic ambience and provides a hard-wearing solution.

Wood with texture.  
Wood that works.

Location  
Boca Raton, Florida

Designer  
Sketch.  
A Design Studio

# Ashy tones exude warmth, creating an inviting and comforting atmosphere throughout the home.

## **RHYL**

**BPF21/5007/180 RHYL**

Explore the captivating space of Golden Harbour by SKETCH. A Design Studio, "Our collaboration with Havwoods led us to the pinnacle of wood flooring artistry: the European oak engineered material from the Henley collection, enriched with the captivating Rhyl hue.

This wood material, characterized by its distinctive smoked and textured finish, captures the elegance found in nature.

Its ashy tones exude warmth, creating an inviting and comforting atmosphere throughout the home.

However, beyond its aesthetics, this wood stands strong against the passage of time – a crucial attribute for a home that accommodates the bustling activity of two dogs and a young child." Explained designer, Caporaso.

# This spacious Milan home oozes classical Italian luxury.

## HARTLAND HERRINGBONE

BPFH13/1609/70

Located in Central Milan, the homeowners of a luxury two-floor residential apartment worked with designer Marco Islas to create a spacious home with a design that complemented the period features of the property, with 21st century functionality.

The homeowners' brief was for the installation team to adopt a commonsense approach to the layout and direction of each room, which was dependent on wall locations, natural light and the size of a room.

The homeowners wanted to retain some of the Italian parquetry features and for the property to exude a vintage feel, so opted for the deep tones and popular shape of Havwoods' Hartland Rustic 70mm

Herringbone flooring from the Henley collection.

Running throughout the property, from the bedroom to the hallway and living spaces, each room required differing parquet layout requirements, based on the walls and fireplace features. The alternating diagonal lines of the planks helped to maintain the spacious feel of the property, whilst the darker tones added warmth and interest against the pastel color palette.

The intricate ceilings, curtains, rugs and artwork complement beautifully and add plenty of character to the home, while the style of the Havwoods flooring results in a timeless design that will last for years to come.

# Havwoods Bespoke

When standard products  
won't do, our Bespoke  
service delivers unlimited  
solutions for your needs.

Wood for any specification.  
Wood that works.

## Increasing the scale on this Italian Collection classic to suit the dimensions of this stunning residential development.

Situated in the highly sought-after area of Nantucket, this newly renovated property stands out for its meticulous attention to detail. Opting for a customized flooring solution provided the homeowners with the opportunity to select specific elements that perfectly matched their aesthetic preferences.

Ensuring that the floor not only met their visual expectations but also fulfilled their practical requirements, including durability and resistance to wear and tear.

Drawn by the captivating grain variation, homeowners chose Havwoods' Columba floor, which added a touch of natural charm.

The floor's grain variation piqued their interest, offering a touch of natural charm. Its clean and fresh appearance perfectly complemented the overall design scheme, making the Columba floor an ideal choice to enhance the property's unique aesthetic.

## When standard products won't do

Sometimes your requirements cannot be filled by our standard products. While our range is extensive, at the same time, we understand occasionally you need something more. We are proud to be able to fulfill your bespoke wood flooring requirements.

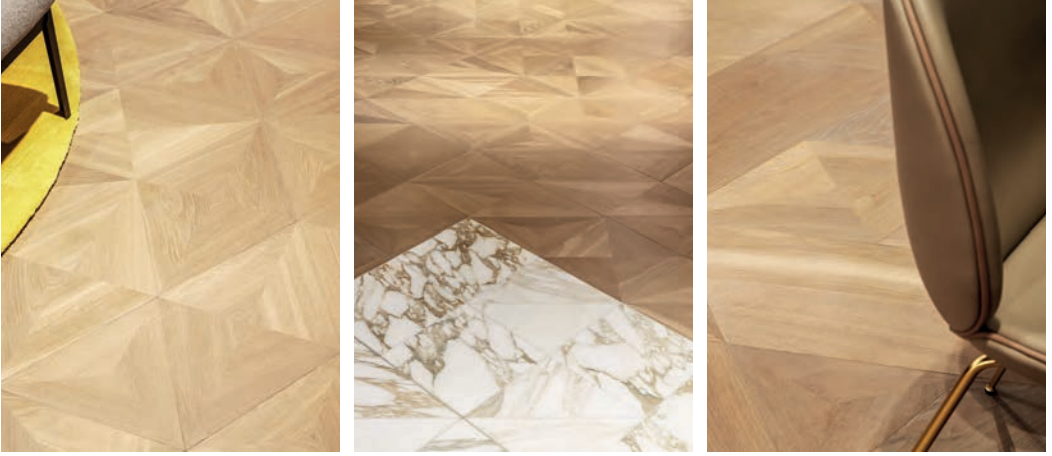

You can have your ideal floor of any size, color or pattern. You may start with one of our standard products or even an external option that is giving you the overall look you are after. Our team can then work with you to refine the primary characteristics of the product to meet your exact needs.

We may be able to modify:

- Width or length of the planks
- Thickness of the product to meet desired build-up
- Grading of the top layer
- Certification requirements
- Specific patterns or matching planks
- Custom design panels
- Surface texture and finish

## Bespoke patterns, panels & designs

If you would like to opt for something truly unique then we can make the pattern of your dreams a reality. No matter the shape or complexity of design we will work with you to deliver a practical, yet impactful wood flooring solution.

If your project requires additional levels of accreditation then this is something we can offer on many of our products including FSC®(FSC-C009500), PEFC™ (PEFC/16-37-1417) or Cradle-to-Cradle™ Certified products.

Please note due to the production process involved in creating your perfect wood floor there is a minimum order level (approx. 1000sqft) and a slightly longer delivery times compared to stock items.

# Purepanel

Purepanel is suitable for a range of interior applications including custom cabinetry and stunning fabrication.

Wood that adapts.  
Wood that works.

## Pre-Finished Décor Panels & Veneers

Havwoods PurePanel® pre-finished décor panels and veneers are perfect for designers, architects and joiners who wish to create stylish and unique interiors in both commercial and residential applications.

Our PurePanel® boards and veneer sheets are incredibly versatile and ready to use, offering huge time and cost savings, whilst still offering the distinctive look and feel only available from real wood. Colored to compliment some of our most popular floor colors, the mix-matching technique and industrial processing of PurePanel® also guarantees consistent colors and quality.

Matching PureEdge banding available and touch up pens are also available on request.

## **Marldon MXA100 Hard Elastic Wood Floor Adhesive (COMING SOON!)**

Marldon MXA100 is a superior strength hard elastic wood floor adhesive. The perfect adhesive for bonding all standard and oversized planks, Versailles panels and parquet, MXA100 can be applied to most substrates without priming.

## **Marldon MXA200 Flexible Wood Floor Adhesive**

Marldon MXA200 Flexible Wood Floor adhesive is a high strength, single-part silane polymer glue that is ideal for surface bonding most types of wood flooring. MXA200 is compatible with most substrates and underfloor heating.

650048 / 650043

### Marldon Strata Acoustic Underlay

Marldon Strata is a robust and efficient way of reducing impact noise at ground level where floor height is at a premium. Strata consists of a 94% recycled rubber - mix which acts as a dense, resilient layer suitable for both timber and concrete construction types. Strata is recommended as a double bonded installation.

3MM (150097C), 5MM (150090C) & 10MM (150098C)

### Marldon Provent Underlay

Marldon Provent is a high-quality multifunctional underlay that helps eliminate underfloor water vapour with a unique Micropumping ventilation system. With an excellent 20db impact sound reduction, Provent is the ideal underlay for floating installations.

15M<sup>2</sup> (150063) & 50M<sup>2</sup> (150064)

### Marldon Spray Mop Cleaning Kit

Regular cleaning is the key to keeping a wood floor looking great for years to come. The Marldon Spray Mop Kit contains everything you need for daily cleaning without damaging the floor with excessive moisture.

### Marldon Liquid Wax Care

Marldon Liquid Wax Care MXC700 is a specifically designed maintenance and care product for the periodic treatment of wood floors and surfaces with a waxed or oiled finish. Ideal for cleaning and maintaining heavily used surfaces, this product removes stubborn marks with ease, including scuff marks from shoes and water spots, whilst enhancing the water-resistant protective layer.

CLEAR (950058) & WHITE TRANSPARENT (950102)

A close-up photograph of a wooden surface, showing a diagonal grain pattern with varying shades of brown and tan, occupying the left half of the image.

# Making the grade

With such an extensive  
product range it is  
important to understand  
the key product features.

Wood with beauty.  
Wood that works.

## MAKING THE GRADE

The beauty  
of wood is  
that each and  
every plank is  
unique.

There really is no other material that matches the natural variation and beauty of wood. Although other surfaces try to mimic wood, it is only ever a poor imitation of the intricate details that grow within this sustainable source.

# Here are the five typical flooring grades you will find.

## Prime

Prime grade has few, if any knots, and these will be of minimal size. There will also be a minimal amount of sapwood and filler, if any at all. The color of the filler is intended to complement the natural structure of the wood, where features such as knots contrast with the surrounding wood, and it may vary from batch to batch. There will be a relatively small amount of color variation in the wood itself.

## Select

Select grade will have a mix of almost prime boards with other planks which have more knots of a limited size. Expect some variation in tone from heartwood and sapwood as well as small checks (cracks across the growth ring). There will be some filled elements, such as broken knots. The color of the filler is intended to complement the natural structure of the wood, where features such as knots are in contrast to the surrounding wood, and it may vary from batch to batch.

## GRADING

### Classic

Classic Grade floors show the natural variation of wood without allowing some of the more characterful features in more rustic grades. Planks with very few knots will be mixed with some planks containing larger knots or checks (cracks across the growth ring) which may be filled. Variation between tone from heartwood and sapwood can be expected but is controlled. The color of the filler is intended to complement the natural structure of the wood, where features such as knots are in contrast to the surrounding wood, and it may vary from batch to batch.

### Character

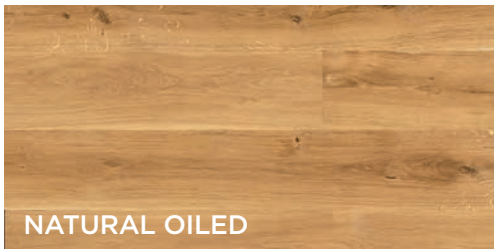

Character grade will include both heartwood and sapwood and allows a wider range of color variation. Knots are larger and you should expect checks (cracks across the growth ring) and possibly some end shake (cracks between the rings). The color of the filler is intended to complement the natural structure of the wood, where features such as knots are in contrast to the surrounding wood, and it may vary from batch to batch.

### Rustic

Known as either natural or rustic grade this allows a virtually limitless size and number of knots. Heartwood will be used, there will be color variation, sapwood and filler; you should also expect checks (cracks across the growth ring) and possibly some end shake (cracks between the rings). The color of the filler is intended to complement the natural structure of the wood, where features such as knots are in contrast to the surrounding wood, and it may vary from batch to batch.

# Wood products often include enhanced natural characteristics.

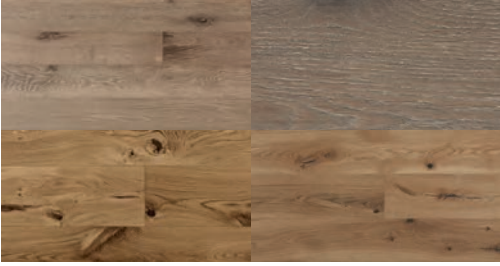

## Sapwood

Sapwood is the living part of the tree through which water and sap flow. It is always lighter in color than the heartwood and certain fuming, smoking and coloring processes emphasise the sapwood since it doesn't react to such treatments to the same degree. (The effect of these treatments on planks containing sapwood is shown left) By definition sapwood contains more moisture, however this is no cause for concern since all Havwoods' wood has been carefully dried and its stability is ensured when supplied in an engineered form.

## CHARACTERISTICS

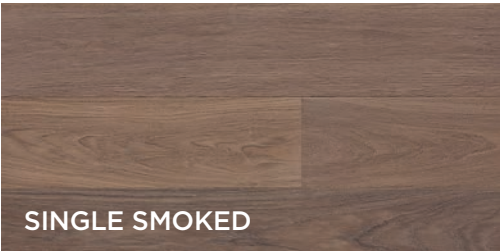

### Knots & fillers

A knot is either the base of a side branch or a dormant bud around which the grain flows. A knot is sometimes replaced by filler and this may be of various colors: white, grey, brown and black are shown here.

### Medullary rays, checks & shakes

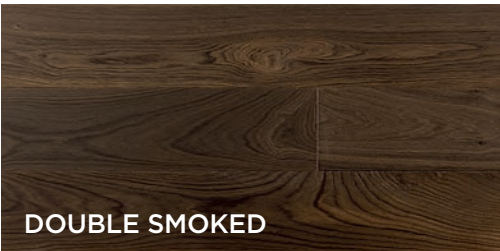

These white, ribbon-like medullary rays are an indication that the plank has been crafted from quarter-sawn wood. Checks and shakes usually occur at the end of a board and may be cut off.

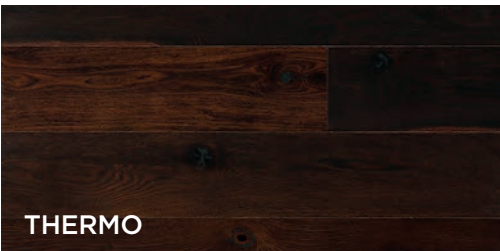

### Smoking & Firing

Smoking and fuming are essentially the same and refer to a process whereby the hardwood is exposed to ammonia gas for 24 (single) or 48 (double) hours. The coloration is surface deep only.

Unlike staining, smoking reacts to the chemical composition of the individual plank, so the ultimate shade will vary. This variation is considered an asset, however if you prefer a more even tone we suggest you consider choosing stained rather than smoked wood.

Fired products are treated in a vacuum, sometimes for several weeks, and the dark color runs throughout the lamella providing a genuine visual alternative to tropical hardwoods.

# Our intuitive color groups allow product selection with ease.

## COLOUR GROUPS

# Pattern plays a pivotal role in the appearance of any floor.

## 1 Plank

This is sometimes known as plank, strip or boards and is available in a variety of different lengths and widths. Each offering a unique look and feel.

## 2 Herringbone

This traditional parquet style remains as on trend today, as it always has. The blocks may be laid in single or double patterns, or if they are the correct proportion alternate pattern options.

## 3 Chevron

One of the more visually impressive patterns combines geometric angles with directional flow. Our chevron pattern floors have a 45° angled point, and the alternating rows deliver a stunning two-tone aesthetic.

## 4 Versailles

Owing its name to the fabulous Palace de Versailles, one of the world's great building projects, the Versailles design consists of squares held together by what appears to be an interwoven mesh of wood strips, all within a wood frame.

## 5 Mansion Weave

A more complex and endless pattern, mansion weave is particularly effective in larger rooms.

## 6 Bespoke

If you are looking for something a bit different, then we have a host of panel and pattern variations that can be produced to order.

## PATTERN

# Your choice of finish will affect the overall sheen, durability and maintenance.

## Unfinished

Allowing you to be the artist, this is a completely natural surface, without treatment. It's up to you to finish how you wish. Unfinished wood can include different grades of character so all you have to do is re-sand the surface once installed and create using the blank canvas.

## Lacquered

This is normally a polyurethane coating that covers the pores of the wood and forms a hard, resilient surface, protecting it from dirt and moisture ingress. A good quality lacquer will protect a wooden floor for anything from 12 months to 6 years, depending upon the amount of foot traffic.

## Oiled

Oil penetrates deep into the wood and brings out the true beauty of both the color and grain, as well as providing protection for the floor. In addition to providing a natural look, oiled floors lend themselves to being spot repaired in the event of surface damage.

## UV Cured Hardwax Oil

Combining the wear advantages of a lacquer with the subtlety of oil, this finish is micro-porous, water-repellent, dirt-, wear-, and stain-resistant against wine, beer, cola, coffee, tea, fruit juices and milk. It will not crack, flake, peel or blister.

## Valour UV Cured Hardwax Oil

Valour is a film-forming oil that allows the surface to be layered like a lacquer but retains the appearance and characteristics of an oil. It provides increased scratch and impact resistance and offers the hardest wearing oiled finish in our range.

## FINISH

# Solid and Engineered constructions each offer unique structural properties.

## Solid T&G

Traditional solid hardwood flooring, not suitable for use over underfloor heating.

## 3-Layer Engineered Click

Hardwood top layer with a softwood core, and balancing back pull layer. Supplied with a click-system profile.

## Multi-Layer Engineered T&G (19-21mm nominal)

Hardwood top-layer with a marine ply engineered backing. Suitable for use with underfloor heating and can be used as a structural floorboard.

## (P) Multi-Layer Engineered T&G (19-21mm nominal)

Hardwood top-layer with a Eucalyptus and Poplar ply engineered backing. Suitable for use with underfloor heating and can be used as a structural floorboard.

## Multi-Layer Engineered T&G (10-14mm nominal)

Hardwood top-layer with a marine ply engineered backing. Suitable for use with underfloor heating but cannot be used as a structural floorboard.

## (P) Multi-Layer Engineered T&G (10-14mm nominal)

Hardwood top-layer with a Eucalyptus and Poplar ply engineered backing. Suitable for use with underfloor heating but cannot be used as a structural floorboard.

## 3-Layer Engineered T&G

Hardwood top layer with a softwood core, and balancing back pull layer. Supplied with a tongue and groove profile.

## 2-Layer Engineered T&G

Hardwood top-layer with a softwood backing made from individual staves to aid stability and must be fully bonded to the subfloor.

## CONSTRUCTION

We

HavSeal™ recognises

take it

responsibly sourced products

further

HavSeal™ is our own seal of approval taking even further measures ensuring sustainable and responsible procurement within our supply chain. The HavSeal™ seal of approval is awarded to those products that exceed the already high standards needed to ensure entry into our portfolio. Not only do we consider the origin, the legality and sustainability of each of the products, but we also take into account the energy that goes into production of the product, the chemical content of the product as well as the mill's commitment to re-using its waste.

The Gold Seal is awarded to the products coming from mills that show an extreme passion and proactive approach to ecological benefits such as reusable heating for local communities, the powering of wind turbines, financing the re-introduction of animals into the forest areas and commitments to replanting forest and woodland areas such as the Forest Stewardship Council®, FSC®.

The Green Seal award is given to the products that offer extra international accreditation, identified as coming from sources that offer higher standards of energy use and waste generation.

# HAVWOODS RETURNS POLICY

## 1. UNUSED GOODS

- If you have any unused packages remaining after fitting installation, we can accept these back for credit, subject to the following conditions: Goods must be returned within 30 days from date of delivery (subject to our terms & conditions). A 20% restocking fee applies.
- You are responsible for shipping the goods to us at our Maryland warehouse at your expense.(Original delivery costs are non-refundable.) Refunds will be issued within 14 days of receipt of material by our warehouse.
- Any returned goods must be in their original, sealed, unopened packages, no partial packages can be accepted. Goods must be in their original, “as new” condition and with original packaging. Any packages returned in a damaged condition or not packaged correctly cannot be credited.
- Handed products must contain an equal quantity of Left and Right hands.
- Before returning any goods, a return order number must be obtained from the Havwoods Sales Department. Please write this number, together with the names of both sender and recipient, clearly on each package being returned.

Please note – unfortunately, we are not able to accept products which are specials or bespoke, made to your specifications (including wooden profiles), or non-stock items especially acquired for your order. Any bespoke or non-stock items remaining at our warehouse which are part of a multi-delivery order will be invoiced 14 days after the end of the contract.

## 2. GOODS ARE DAMAGED OR INCOMPLETE

- Any deliveries with damaged or missing goods should be accepted but must be signed for accordingly (i.e., “damaged” or “incomplete”). Notations such as “unchecked” cannot be accepted.
- Photographs should be taken of any damaged goods at the time of accepting delivery and forwarded with your claim.
- All damaged or incomplete goods must be reported within 4 days of delivery to the Havwoods Sales Department, and a replacement will be sent out to you at the earliest available delivery date.
- If you notice a problem after signing for a delivery, then please contact us within 4 days to arrange for resolution of the problem. Photographic evidence of any damaged goods must be provided.
- You will not normally be expected to return the damaged packages to us, after your claim has been accepted by us please dispose of these safely.
- We do advise you to check your packages upon delivery to avoid any unnecessary delays if there is a problem with the delivery.

## HAVWOODS RETURNS POLICY

### 3. DEFECTIVE GOODS

If the products arrive with a manufacturing defect, please contact us by telephone at 1-844-808-9663 or email us at [info@havwoodsusa.com](mailto:info@havwoodsusa.com). If you call us, we will try to resolve your complaint while you are on the phone. If this is not possible, the advisor will agree to a course of action with you, in line with our terms and conditions. Please include photos with any emails regarding product issues.

### 4. CHANGING YOUR MIND

Subject to our terms and conditions, you have 14 days after the day you (or someone you designate) receives the order, (or where the order is split into several deliveries over different days, 14 days after the date of the last delivery) to notify us that you wish to cancel the order.

Please note bespoke or specially order products (including wooden profiles) cannot be returned for credit.

To cancel an order please contact us by telephone at 1-844-808-9663 or email us at [info@havwoodsusa.com](mailto:info@havwoodsusa.com)

You must return the products to us as soon as reasonably practicable and in any event within 30 days of delivery and the product must not have been removed from their packaging or in any way handled, modified, or installed (such that they are no longer in a saleable condition).

If you cannot arrange delivery yourself, we can pick up the complete order on your behalf from the address to which the order was delivered. Such a pick up will be at your cost and risk.

### 5. EXCLUSIVE REMEDIES

These remedies are your exclusive remedies. All other remedies are hereby excluded. All warranties, express or implied, including the implied warranties of merchantability and fitness for a particular purpose, are expressly excluded. The exclusions herein are subject to, and may be limited by applicable law, and you may have additional rights that vary from state to state.

## IMPORTANT PRODUCT INFORMATION

### Measurements

Since most of our products are sourced from European mills, please note that all imperial measurements are converted from their metric equivalent and are rounded. When taking precise measurements, we recommend that you work in metric.

All prices sold per sq.ft. in USD/CAD excluding taxes. Unless otherwise stated, packs will contain mixed length boards including half boards.

### Description & Material Specification

Any samples, drawings, images, descriptive matter, or advertising produced by us and any descriptions or illustrations contained in our catalogs, websites or marketing material are produced for the sole purpose of giving an approximate idea of the products described in them. They shall not form part of the contract or have any contractual force. The images of the products are for illustrative purposes only. Although we have made every effort to display the colors accurately, we cannot guarantee that your computer or printer display of the colors will accurately reflect the color of the products. Your products may vary slightly from those images.

**NB Warranties only applicable to floors installed with Havwoods fixing products and maintained with Havwoods maintenance products, unless otherwise stated accessories. See Accessories page.**

### Please note that this issue supersedes all previous price lists.

Please note that Havwoods International NA Terms and Conditions of Sale, as displayed at havwoods.com, apply to all transactions. Offer subject to withdrawal without notice. All coverages quoted are only approximate. All prices are subject to Havwoods standard Terms and Conditions, as displayed at havwoods.com. Whilst every effort has been made to reproduce flooring samples, the colors shown are only as accurate as the printing process will allow. (See Terms and Conditions of Sale as displayed on [www.havwoods.com](http://www.havwoods.com)).
