

PoliLam

As you journey with us through the pages of our collection, we want our passion for design, interiors, and life to resonate and inspire. At PoliLam, we recognize that our surroundings have the power to energize, to motivate, to calm, and to comfort us. We understand that the only approach to true design is to get out into the world and experience it for ourselves.

The world—including the world of laminates—is changing. At PoliLam, we strive to be innovators in our industry. We create a quality and design-driven product, with as little environmental impact as possible. We take pride in carefully researching and selecting each of our exclusive designs. We marvel at nature's wonders, and we recreate what we see without diminishing it.

At the core of our philosophy is a focus on three things: the importance of color to generate emotion; the importance of texture to emphasize quality; and the importance of culture to bring it all together.

Color. Texture. Culture.

Interiors meet ACE Surfaces™ *Just Touch It*

Bring Nano Tech to Your Surface

We introduce electron beam technology for one simple reason: to reduce life's trivial strains to improve our end-users' quality of life.

Whether used for light or heavy use, **ACE Surfaces™** are engineered to leave no trace. **ACE Surfaces™** invite you to experience a high quality life.

Appealing to the senses, **ACE Surfaces™** captivate with bold designs and a touch that is as smooth as baby soft skin.

ACE Surfaces™ are the surfaces of the age. Their fingerprint resistance makes cleaning a breeze. Most importantly, low formaldehyde emissions contribute to a healthy lifestyle for ourselves and the environment.

ACE Surfaces™

Anti-Fingerprint

Hydro-Repellent

Soft Touch

Intensity and Color Depth

Anti-Bacterial

Resistant to Dry-Heat

Extremely Matt

Resistant to Acid-Based Solvents

Low Light Reflectivity

Environmentally Friendly

Easy Clean

What fire does not destroy, it hardens.
Oscar Wilde

LAVA Board

All designs marked with our (☒) icon are applicable for LAVA Board.

Additional Safety for Interiors

Our LAVA Board has a Class A fire rating. It guarantees to protect your interiors from one of nature's most destructive elements.

In addition to LAVA Board's certified safety features, our collection emphasizes sleek, practical, and contemporary design. Our non-combustible, fireproof wall panel is the perfect solution for those spaces that need it most: hospitals, schools, restaurants, and more.

A wise man would never underestimate the power of Mother Nature.

Fire Protection Properties

Very Low Levels of Swelling Properties

Formats up to 1200 x 2400mm
1200 x 3020mm

4.5mm and 8mm Thickness

Dimensionally Stable and Rigid

Considerable Design Freedom

LAVA Board is available in textures VF LA FM

PoliLam TFL

Our PoliLam Panels are crafted with intention. Thermally fusing together impregnated décor paper onto EU standard particle board substrate with seamlessly matched textures. Pair with our matching edge banding to create the full unified look. PoliLam Panels recreate the natural look and feel of natural woodgrains and stones, and together with their high-performance characteristics create a durable surface solution.

 **Size: 4'x 9'ft (1220*2745mm)**

 **Thickness: 18mm**
