PALLAS

COLOR CAPSULE №02

Color Capsule Number Two reimagines four Pallas signatures through new, precisely tuned colorways that redefine their character. Alea's frottage-inspired texture takes on hushed neutrals and tempered warmth; Juggernaut's grain carries strength with soft restraint; Holy Cow slips into modern luxury; Terra, the most grounded, radiates quiet geometry. Together, they form a palette that balances intuition with intellect, crafted to move effortlessly between the elemental and the elevated.
